

# IceCube Calibration Workshop 2017

## Friday 04 August 2017

### Impact on analysis - Supernova (09:00-12:30)

-Conveners: Keiichi Mase; Summer Blot

time	[id] title	presenter
09:00	[37] Re-analysis of the single LED data	CHIRKIN, Dmitry
09:10	[28] Improvement of cascade reconstruction by better knowledge of detector and ice	YUAN, Tianlu
09:40	[30] Impact of uncertainties for the low energy analysis	
10:10	[29] Hyperplane parameterisation of ice model & DOM efficiency uncertainties for LowEn	
10:40	Coffee	
10:55	[31] Discussion about paper / document (everybody)	
11:25	[32] Summary of the workshop	MASE, Keiichi BLOT, Summer
