

IceCube Polar Science Workshop

Wednesday 20 January 2021

SPICEcore physical properties, hole lifetime and logging (15:00-16:20)

-Conveners: Tun Jan Young

time	[id] title	presenter
15:00	[21] Inclination data from sensors in the South Pole ice	TOSI, Delia
15:20	[19] Borehole deformation at the South Pole	SINKLER, Emilie
15:40	[17] Physical properties of the South Pole Ice Core, SPC14	ALLEY, Richard
16:00	[18] Assessing the utility of dynamic particle imaging in South Pole Ice Core dust analysis	CHESLER, Aaron
