Introduction of the Latest 41th CHINARE Astronomical Tasks

Tuesday, 16 September 2025 13:20 (20 minutes)

On December 31, 2024, the 41st China National Antarctic Research Expedition [CHINARE] team arrived at the highest point of the Antarctic Plateau, Dome A. As a member of the Inland Team, I will introduce the progress of our team's mission in the astronomy field.
