

Cosmic Ray Anisotropy Workshop 2011

Friday 28 October 2011

Anisotropy measurements - 309 (09:00-11:00)

time	[id] title	presenter
09:00	[5] The small-scale anisotropy of the cosmic radiation: results from Milagro	Dr PRETZ, John
09:30	[7] The cosmic ray anisotropy measured by the ARGO-YBJ experiment and the status of the LHASSO project	Dr CHEN, Songzhan
10:00	[2] Cosmic Ray Anisotropy at TeV energies with ARGO-YBJ	IUPPA, Roberto
10:30	[3] TeV and PeV CR anisotropy as observed with IceCube and IceTop	SANTANDER, Marcos
