

# Cosmic Ray Anisotropy Workshop 2011

## Friday 28 October 2011

### Models and implications of CR anisotropy - 309 (11:20-13:10)

time	[id] title	presenter
11:20	[26] Acceleration of cosmic ray by reconnection in realistically turbulent environments	Prof. LAZARIAN, Alex
11:50	[1] Angular distribution of energetic particles scattered by strongly anisotropic MHD turbulence: understanding Milagro/IceCube results	Dr MALKOV, Mikhail
12:20	[23] Trying to Understand the Interstellar Transport and Resulting Anisotropies of Galactic Cosmic Rays	Prof. JOKIPII, J.R. (Randy)
