

Cosmic Ray Anisotropy Workshop 2017

Wednesday 11 October 2017

Session VI (15:55-19:40)

time	[id] title	presenter
15:55	[68] Direct measurement of cosmic rays (with emphasis on anisotropies)	Dr GEBAUER, Iris
16:40	[70] Recent results of the AMS-02 experiment on the ISS	Mr VELASCO FRUTOS, Miguel Ángel
17:10	[10] CALET preliminary results on the cosmic ray observations for the first two-years on the ISS	Dr ASAOKA, Yoichi
17:40	[69] Fermi LAT studies of cosmic-ray anisotropy at the 100 GeV scale	Prof. VANDENBROUCKE, Justin
18:10	[33] Discussion
